The screenshot shows an Excel spreadsheet with a single column of data. The first row is a header with the title 'Title' and the column name 'Sentiment'. The subsequent rows list various movies and their corresponding sentiment scores. The scores are either positive or negative, often followed by a scientific notation multiplier (e.g., 1.234567E-08). The spreadsheet interface includes a menu bar at the top with options like File, Home, Insert, Draw, Page Layout, Formulas, Data, Review, View, Help, and Acrobat. A search bar is located in the top right corner. The status bar at the bottom indicates the active sheet is 'Sheet1'.
